

Mike Nyman Photography and The Dance Studio

Dear TDS Dance Families,

My name is Mike Nyman and I am the current website and elite photographer for TDS Dance. Perhaps you have seen my work on your studio's website or in advertisements for the studio.

This year, for the first time, your studio has hired me to use my professional expertise and creativity for the entire studio, both recreational and competitive dancers.

NEW THIS YEAR, we will be photographing dancers individually and NOT in groups. This allows for a more personalized experience, more options from which to choose, and a more relaxed photo session.

Reserve your space with a \$20 deposit at:
